

Lodging Review

Cascade Vacation Rentals, Cascade, Idaho

You can't miss the duplex. It's located on the west side of the highway on the north side of town.

An inviting living room makes your stay comfortable, and provides plenty of room for friends.

Many times when you get the opportunity to go on an extended snowmobile vacation, you require a little extra in your accommodations. There are those times when a room won't cut it because you need to bring so much gear that you wouldn't fit. And there are those times when maybe a rustic cabin doesn't fit into the grand scheme of things either. For all of those times, Cascade Vacation Rentals has the solution for you: a duplex!

After an exhausting week of solid snowmobiling we got the opportunity to stay at one of Cascade Vacation Rentals newly remodeled duplexes. Let me tell you, it was comfy. It was a widely known fact that I didn't move from the sofa with the remote only inches away from my fingertips all day. I learned the value of satellite TV after almost ten days of 'roughing it' without my 'boob tube fix.' It was great.

Everything about the duplex spells relaxing from the decorating to the awesome sofa and cozy beds. Yes, two bedrooms each have their own queen bed. This kitchen is nice too, with enough room and utensils to create a home-style meal if the need hits you. There is even a door to the adjoining half, in case your group is so large that one side won't fit all of you.

I would suggest that if you are planning an EXTREME snowmobiling adventure out to Cascade, Idaho, you should call up Jackie at Cascade Vacation Rentals. Her toll free number is 1-866-382-4800 or visit www.cascadevacation.com. "Homes Away from Home" is their motto, and it's true.

Ample kitchen space simplifies cooking your own meals, almost as if you were in your own home.
